ACTIVITIES OF STATE DEPARTMENTS—OTHER HAPPENINGS

Special Columbus Correspondent.

SECRETARY OF State Hildebrandt, chief election officer of the state, has certified to each county election board the ballot to be voted by the electors of the state at the November election. It contains five party tickets, Democratic, Republican, Prohibition, Socialist and the Independent tickets, on which Jacob S. Coxey is running for United States senator. In compliance with the order of the supreme court, issued Wednesday, the secretary of state directed that a space be printed to the left of the name of each candidate for presidential elector, which will make it possible for the electors to vote a split ticket for presidential electors. In 1892, when Cleveland was elected president a second time, Ohio split its electoral vote, giving Cleveland one elector, James F. Seward of Mansfield, former member of the state senate.

Gets First Pension.

Mrs. Rachel Moore of Logan has the distinction of being the first Ohio woman to get an increase of pension under the new Ashbrook federal law giving widows of civil war soldiers pensions of \$20 a month after they become 70 years of age. Her claim was presented to the United States pension department by Judge Joseph W. O'Neill, state commissioner of soldiers' claims. The second Ohio woman to receive an award under the new law is Mrs. Caroline Schneider of Columbus. The state department has forwarded several scores of applications for the pension increases allowed by the new law to Washington, and it is expected that from now on there will be a steady stream of acceptances of such applications by the federal department, which intends to act as speedily as possible on all claims. The state department handles these claims without making any charge.

Opened Bids for Road Work.

State Highway Commissioner Clinton Corwin has opened the bids for contracts covering a little more than 42 miles of new roads to be built under state aid. No bids were received on several of the jobs. The aggregate of bids exceeded \$351,000. The contracts will be awarded in a few days. The biggest job is that for the improvement of Cleveland-Sandusky road in Bay Village, on which the highest bid was one of \$158,155, by Hart & Kemp of Elyria. Thomas Dalton, Dayton, was the highest bidder for the West Union-Hillsboro road, bidding \$19,023. MacWardell, Strasburg, will probably get the contract for the Canton-Camden Dover road, on his bid of \$14,219. McDermott & Hannon, Niles, will probably be awarded the Youngstown-Sheridan contract on their bid of \$21,362.

Reports Irregularities.

Total irregularities of \$8,681 are returned by State Examiner O. O. Albright in a report on Youngstown filed with the state accounting bureau. Of this amount \$6,283 is due the county for election expenses paid by the city and which should have been paid by the county. Several policemen have telephones in their residences for which the city has been paying. The examiner points out the public should not pay for such service.

First Attempt to Escape.

Anna Garland, alias Anna Wagner, Cleveland pickpocket, was the first woman to attempt to escape from Ohio's new reformatory for women at Marysville. Reports filed with the state board of administration showed she walked away the evening of Sept. 24, but was captured an hour later by attendants.

Must Pay Tuition.

In a ruling to Prosecuting Attorney Charles F. Adams of Lorain county, Attorney General Turner holds that a township wishes to send its pupils to school in another township, it may do so by paying tuition for the education of such pupils. A number of townships want to do this.

Extend Forestry Conservation Work.

Forestry conservation and its extension in Ohio is to be one of the subjects that will be brought before the next legislature. It is planned to introduce a bill appropriating \$10,000 for the purchase of additional tracts of land for use of the Ohio experiment station.

Death Award Made.

The state industrial commission granted Mrs. Elizabeth Schenck and two little children at Alliance \$3,744. The husband and father, John, was fatally hurt while employed by the Alliance Machine Co.

Will Inspect Prisons.

The Ohio penitentiary commission has started on a trip of inspection and will visit the penitentiaries at Joliet, Ill., and Stillwater, Minn.

Approves Shipping Rates.

The increased rates for shipments of ice cream promulgated by express companies have been approved by the public utilities commission. The higher rates go into effect immediately. The new schedule raises the rates from 22 1/2 to 70 per cent on filled cans and from 50 to 66 2/3 per cent on "empties."

Holiday Pardon.

Gov. Willis granted the Jewish New Year pardon to Fred Pierson, convicted April, 1914, in Cuyahoga county of obtaining goods by false pretense, serving an indeterminate sentence.

Will Remove Fence.

For more than 60 years the state house grounds have been enclosed by an ugly iron picket fence which is more or less of an eyesore. The citizens of Columbus have been demanding that the fence be removed and in compliance with their wishes this is to be done. The state building commission has contracted with a local florist to plant a hedge just inside the fence all around the grounds, and when this grows a foot or more the fence will be taken down and sold as junk. Some landscaping is to be done so make the grounds more attractive.

Capital Wants Dairy Show.

Columbus wants the national dairy show in 1918. The show is to be held in Springfield, Mass., this year and is expected to attract half a million people from all parts of the country. Prize winning dairy cattle of all breeds and every kind of dairy machine are to be shown. When a special trainload of prize Jersey cattle stop for the day in Columbus, on Oct. 10, the delegation of men interested in the national dairy show which will accompany the special will be entertained by members of the Columbus Rotary club, the Young Business Men's club, chamber of commerce, state board of agriculture and other organizations. The Columbus men will try to demonstrate to these visitors that Columbus is the logical place for holding the 1918 meeting.

Columbus After Bank.

Representatives of farmers from all over the state will appear before the federal farm loan board and Secretary of the Treasury McAdoo when the board and the secretary will sit in Columbus to decide on a location for the federal loan bank which is to be established in one Ohio city. Columbus, Canton, Toledo and Cincinnati are competitors for this new bank. Columbus is prepared to make a strong fight for the institution, and has the backing in favor of many influential farmers who favor the capital city because of its central location and other advantages which promote its activity.

Bids Were Small.

Bids have been opened by Col. Duffy of the quartermaster's department for the property of Camp Willis, which cost nearly a quarter of a million dollars to establish. They indicate that the government will get little salvage from the sale of the property. The bids have been forwarded to Gen. Barry of the central division of the army at Chicago. He will make the awards. The officers who received the bids were much disappointed over the small sums offered for the property.

Improve State House and Grounds.

The state building commission, in making improvements in the state house or the Wyandotte building, must receive competitive bids on all jobs exceeding \$3,000. Attorney General Turner has ruled. The state house grounds are to be improved by a system of landscape gardening, according to plans discussed by the commission Tuesday. It also plans to refurbish the rotunda and interior dome of the state house.

Soldiers Discharged.

The first batch of Ohio soldiers to be sent home from El Paso have reached Columbus. They were from the 2d regiment and were sent north to be discharged because of having dependent relatives to support. There were 14 in the party. They were sent to Camp Willis, where Lieut. Ernest Hunsicker, federal army mustering officer, will discharge them. Other soldiers are expected to reach Columbus this week to be discharged for the same reason.

Wants Uniform Basis.

The board of state charities has undertaken to have the workhouses of the state run on a uniform basis. A committee of the board will make a survey for such a purpose. The board has finally approved the Athens county children's home which has been under investigation for some time. The institution must comply with certain recommendations laid down by the board. The Meigs county home has also been approved.

Proprietor Is Responsible.

The Franklin county common pleas court holds that a proprietor must pay if his waiter cheats a customer. A year ago Samuel Collins, colored, entered the restaurant of William Bullock of Columbus and tendered the waiter a \$100 bill in payment of his 25-cent meal. The waiter left the restaurant to get change and never returned. The court has just ordered Bullock to pay Collins \$39.75.

Awarded \$1,950 for Death.

Mrs. Colomba Delarazo, who lives in Italy, will receive \$1,950 as an award from the Ohio workmen's compensation fund for the loss of her husband, Dominick Delarazo, who was burned to death at the plant of the Buckeye Steel Castings Co. in Columbus. The money was forwarded to the widow by the state industrial commission Tuesday.

Files Friendly Suit.

Attorney General Turner has brought a friendly suit in supreme court to determine whether Ohio electors must vote for all presidential electors on a party ticket or whether they can vote for some of the candidates of one party and some of another.

Made a Good Impression.

Ohio apparently made a good impression upon the federal farm loan board, which met in Columbus Wednesday and heard arguments as to why this state should be given the farm loan bank which the government is to establish in the district of states of which Ohio will be a part. Prominent farmers told the board that the effect of locating such a bank in the Buckeye state would be to reduce tenantry of farms and to curtail mortgages. The bank would make it possible for more people to own and operate farms.

Contests Election.

Who is mayor of St. Bernard, a Cincinnati suburb? That is a question that has been put up to the supreme court, which resumed its work for the fall Tuesday. Michael J. Nallor and Frank E. Michels tied for the place at last November's election. Nallor won when the matter was decided by lot and has been serving ever since. Michels is now contesting the election. The supreme court is hearing motions this week, of which there are 79 on the docket. There are also 111 cases to decide. It is expected the supreme court will decide soon.

SEEKS ONLY TRUCE?

LORD CECIL OF ENGLAND REPLIES TO GERMAN CHANCELLOR'S SPEECH.

"EUROPE READY FOR PEACE"

Von Bethmann-Hollweg Confident That Teutons Will Win—Says Allies Seek Territorial Aggrandizement—British Are Assailed.

London, Oct. 2.—All of Europe is "ready for peace," but Germany wants "only a truce."

This statement was made by Lord Robert Cecil, minister of war, trade and blockade, in answer to Chancellor von Bethmann-Hollweg's speech at the opening of the German reichstag.

"The chancellor's speech shows a considerable change in tone," declared the British minister to the correspondent of the International News Service. "That talk of a German victory has entirely vanished is remarkable. There was no word concerning Belgium."

Asked if he considered the chancellor's criticism of England more intense than before, Lord Robert said:

"It is an old trick to try to convince our allies that we are bleeding them to death. The idea that England wants world supremacy is fantastic."

The minister expressed the opinion that Germany has not stopped its submarine campaign, but only slackened during July and August because they were hard hit.

"Everybody is ready for peace," he concluded. "It depends upon what one calls peace. The Germans are not ready for peace; they only want a truce for a period of preparation for further world attacks. As long as they continue to be governed by the military class, which is considered superior to everyone else, there is no chance for peace."

Berlin, Oct. 2.—Germany will persevere until victory is hers, the reichstag was assured by Chancellor von Bethmann-Hollweg, according to the full text of his speech, which was published here. The chancellor asserted that the harvest this year had made Germany's position much more secure than was the case last year.

In his attack upon Great Britain von Bethmann-Hollweg declared that that country was breaking an international law after another, and was above all Germany's "most egotistical, fierce and most obstinate enemy."

"Today, after two years of fighting, struggling, suffering and dying, we know more than ever before that there is only one watchword, namely, persevere and win," said the chancellor. "We will win. This year's harvest makes us much more secure than was the case last year."

"The war aims of our enemies are announced without disguise and can allow of no misinterpretation. Their purpose is territorial covetousness and our destruction," said Chancellor von Bethmann-Hollweg.

"Since the first day of the war we have sought nothing but the defense of our rights, our existence and our freedom. Therefore we are able first and alone to declare our readiness for peace negotiations. The lust of conquest of our enemies is responsible for the daily heaping mountains of corpses."

"The British leave no doubt as to what they wish to make of Germany. Our existence as a nation is to be crushed. Militarily defenseless, economically crushed, boycotted by the world and condemned to lasting sickness—that is the Germany which England wishes to see at her feet."

The chancellor said that he realized the troubles of the people caused by the war and that he shared the deep sorrow for the fallen and mutilated.

WOMAN SLAIN AND BURNED

Victim Found Strangled in Ruins of Summer Home—Rich Husband Is Held.

Mountain View, N. H., Oct. 2.—Mrs. Frederick L. Small, wife of a Boston real estate broker, who was burned in a fire on Friday which destroyed the Small summer home at Lake Ossipee, was murdered, it was discovered when the body was taken from the ruins. She had been beaten over the head and strangled by a rope tied around her neck.

Later, on his own authority, Sheriff Chandler placed Small under arrest and held him at a local hotel pending instructions from the county solicitor. The police believe the fire was set to cover the crime. By a mere chance, however, this failed. The body dropped into the basement and the heat and smoke lodged in a pool of water. The rope which had been drawn twice around the neck was preserved.

Germans and Swiss Agree.

Berne, Oct. 2.—Dr. Arthur Hoffmann, foreign minister and chief of the political department, announced that economic negotiations between Germany and Switzerland had been completed satisfactorily.

Bainbridge, Ga., Sept. 29.—Maxie Shuler, twenty-year-old negro, charged with attacking the fourteen-year-old daughter of a prominent farmer near here, was taken from a force of deputy sheriffs and lynched by a mob.

THE GOLDEN CALF

GREECE ENTERS WAR TAKE GERMAN BASES

COUNCIL AND KING AGREE TO JOIN THE ENTENTE.

Allies Win Last of Doubtful States in Diplomatic Battle—Long Struggle Ends.

London, Sept. 29.—The council of Greek ministers has decided, in agreement with King Constantine, upon military co-operation with the entente powers, says a Reuter dispatch received on Wednesday from Athens.

A possible excuse for a Greek declaration of war is seen in an Athens dispatch reporting that the Greek steamship Eleni was torpedoed by a German submarine off the coast of Sardinia. The crew was saved.

Paris had advised that Greek troops in Candia, to the number of 4,000, have joined the revolutionaries.

The decision of Greece to enter the war ends one of the most interesting diplomatic conflicts in world history. With Italy, Bulgaria and Roumania, Greece pivoted on the brink of war from the first day of the world conflict.

Now that the country has decided to take the plunge, the last of the uncertain powers is out in the open, a diplomatic war is ended in victory for the entente and the way is open for a final fight on the battlefields of Europe.

ALLIES CAPTURE COMBLES AND THIEFVAL BY STORM.

British and French Troops Share the Honor of Taking Teuton Stronghold.

London, Sept. 28.—Combles was captured by the allies on Tuesday in a hand-to-hand battle through the ruined streets and maze of defenses. British and French forces share the honor of taking the German base which has been their immediate objective for weeks.

Hardly had the news of the fall of Combles reached London before General Haig advised the war office that Thiepval, key to Bapaume, one of the other objectives of the drive, had crumbled before the attacks of the British.

Berlin (by wireless to Sayville, L. I.), Sept. 27.—The German statement says:

"Army group of Crown Prince Rupprecht of Bavaria—Successes were obtained by the enemy east of Baucourt l'Abbaye and the capture of the villages on the line of Guédecourt-Bouchavesnes must be recognized. But before all we must think of our heroic troops, which faced the united Anglo-French principal forces and the massed employment of material of the whole world's war industry prepared during many months."

"Near Bouchavesnes and further southward as far as the Somme French charges, repeated many times, failed under the heaviest sacrifices."

JEALOUS WOMAN SLAYS MAN

Mrs. Belzer of Brooklyn Also Wounds Wife of Chicagoan and Then Ends Life.

Philadelphia, Sept. 29.—A discarded mistress, jealous of the Chicago social woman who had supplanted her, shot and killed Joseph C. Graver, a New York social worker, dangerously wounded his newest conquest and then killed herself in the Hotel Walton early Wednesday morning.

The woman who did the shooting was Mrs. Harry Belzer, an attractive brunette, thirty-three years old, of 315 Euclid avenue, Brooklyn. The woman who supplanted her is Mrs. J. C. Le Duc, wife of a business man of 5008 Sheridan road, Chicago. Mrs. Le Duc is dangerously wounded, with a pistol shot through her lungs, in the Jefferson hospital.

STREET CAR HIT BY FREIGHT TRAIN

THIRTEEN PERSONS ARE DEAD AND AT LEAST TWENTY ARE INJURED.

Bodies So Badly Mangled That Identification at Scene Was Almost Impossible.

Western Union Newspaper News Service.

Detroit, Mich.—Thirteen persons are dead and at least 20 injured, many of them seriously, as the result of a collision between a Forest avenue street car and a Grand Trunk freight train. The accident occurred at the Dequindre street crossing, in the east side of the city, a spot which has been the scene of several accidents in years past. The street car, heavily laden with passengers on the way home from the Billy Sunday Thelma, had just got in the middle of the railroad tracks when the freight train, running at perhaps 25 miles an hour, crashed into it. The engine, one of the big eight-wheel mogul type, plunged through the street car as though it was a paper hoop, emerging on the opposite side, its speed still unchecked. And as it passed it left behind a mangled mass of humanity. Women and little children, many wounded unto death, lay along the right of way, the momentary silence which followed the crash intensifying the horror.

Panic-stricken passengers began jumping from both the front and rear doors and climbing through windows. Most of the dead were killed by jumping from the car and falling under the wheels of the still moving freight cars. Ambulances from every hospital in Detroit were rushed to the scene and quickly took the injured to hospitals, where medical aid could be given. At midnight one hospital alone reported 15 injured and one dead had been taken there. The accident is the third of a similar nature here in the last year, and the second to occur at the Forest avenue crossing. The bodies of the persons killed were so badly mangled that identification at the scene of the wreck was almost impossible.

CHURCH FLOOR COLLAPSES.

Binghamton, N. Y.—Fifty-three persons were injured when the floor of the First Presbyterian Church, of Johnson City, collapsed during the services being held in connection with the laying of the cornerstone. Seven of this number are seriously hurt, but it is believed all will recover. Two hundred and fifty persons were hurled 18 feet to the basement when the floor gave away, and it was nearly a half hour before all had been released. The floor was a temporary one, constructed to care for the dedication crowd.

STRIKE STOPS CAR SERVICE.

Atlanta, Ga.—City and suburban street cars here stopped running, the Georgia Railway and Power Co. claiming that the police were not giving them sufficient protection against strikers and their sympathizers who gathered several thousand strong in the downtown streets, jeering cars who remained loyal, and blocking passage of cars. After a meeting of the Board of Police Commissioners, what the company regarded as sufficient police protection was promised.

TRANSYLVANIA AND THE DEAD.

Berlin.—The victory of General von Falkenhayn over the Roumanians around Hermannstadt, in Transylvania, grows with every new dispatch from the front. The Roumanian First Army has been shattered, the Second Army, rushed to its assistance, has been badly battered, being now solely on the defensive. Those Roumanians of the First Army not killed, wounded or captured are scattered widely in the pathless mountains and trackless wilderness, their supplies cut off.
